WORK EXPERIENCE

Westgate Resorts Jul. 2025 – Present

IT Product Management Intern *Ocoee, FL*

- Assist with data synchronization initiatives integrating Oracle and MySQL databases for the Inventory system.
- Collaborate with cross-functional Scrum teams (Product, UX/UI, QA, Engineering, and IT leadership) to define product requirements, write documentation, and validate new features for multiple internal platforms.
- Supported product development and life cycle management for enterprise systems including Inventory, LMS, and Owner's Console, used by internal stakeholders across the organization.
- Help lead a large-scale data migration and backup project, coordinating the transfer of 30+ TB of enterprise data to external storage while implementing redundancy via QNAP NAS systems.
- Reorganized, wrote, and modernized disjointed legacy documentation, creating a structured knowledge base for the Inventory system that improved navigation efficiency and reduced cognitive load for both technical and non-technical teams.

Alorica Jan. 2024 – Jan. 2025

Remote Computer Hardware Technician *Lake Mary, FL*

- Provide technical support to end-users via phone, email, chat, or remote access tools to resolve hardware-related problems efficiently.
- Install, configure, and upgrade computer hardware components such as CPUs, RAM, hard drives, graphics cards, and network adapters.
- Proficiency in diagnosing and troubleshooting hardware issues, including knowledge of computer components, peripherals, and assembly/disassembly techniques.

ItsWorthMore Sep. 2023 – Feb. 2024

Tech Support Specialist *Sanford, FL*

- Install company configuration software (MDM) onto devices to be repurposed within the company.
- Solve rudimentary technical issues that arise on a day-to-day basis when dealing with different operating systems such as MacOS, Microsoft Windows, Linux, etc.
- Be the front line of customer relations via email about the devices that they have submitted to the company, as well as continuing streamlined ease of communication with the customer.

EDUCATION

University of Central Florida *Graduation:* Apr. 2026

B.S. Information Technology *Orlando, FL*

- Active and Current Student

CERTIFICATIONS, SKILLS & INTERESTS

- **Certifications:** Currently working on obtaining CompTIA A+, pursuing Network and Security+ afterward.
